

CAPABILITIES STATEMENT

General Contracting

Construction and Project Management

Building and Civil Capabilities

Veterans Construction Group is a general contractor serving commercial and public sector clients across Chicagoland, self-performing drywall, framing, demolition, concrete, masonry, and interior renovation work with direct oversight and full accountability on every project. SDVOSB, DBE, and MBE certified. Most contractors go quiet when things get hard. VCG leans in. No surprises. No excuses. We handle it.
